Meeting started with read and confirm the discussion of the previous meeting. Today it is decided that every department will organize Excursion & Project work with their Students. College may provide suitable financial support in it.

It is also resolved that Collaboration with other reputed institutions or industry should be done for the interest of student.

Faculty should attend Re, or or Seminars and Conference for their professional development and when required. limited financial support may be given by College Authority.

Seminars / Conference for administrative development may be organized in the college.

Alternative power source may be installed

in the college premises to continue work during power cut situations.

It is resolved that pure drinking water resource should be installed and simultaneously water purity must be checked periodically.

For gender promotion and student grievance, separate facilitation committee will be set up to meet the situation.

No other matters were left pending to discuss, so meeting ended for the day.

~~Bygo~~
11/02/19.
