

### About College

Dukhulal Nibaran Chandra College (DNCC), established in 1967 in Aurangabad, Murshidabad, is affiliated to the University of Kalyani and recognized by the UGC. It offers undergraduate honours and general courses in Arts, Science, and Commerce. The college was founded to serve educational needs of the underprivileged, especially beedi workers, and is named after local philanthropists Dukhulal and Nibaran Das. Accredited with a NAAC grade 'B', DNCC has around 5,000 students, experienced faculty, a central library, science labs, hostels, and active NSS and NCC units. It promotes holistic development through academics and extracurriculars. Admissions are merit-based. For updates, visit [www.dnccollege.ac.in](http://www.dnccollege.ac.in).

### About Educational Excursion:

The educational excursion to Massanjore Dam, organized jointly by NSS Unit-I and the Department of Geography of Dukhulal Nibaran Chandra College, offers students hands-on learning beyond the classroom. Held annually or as per the academic calendar, the visit aims to study the physical and human geography of the region, especially focusing on water resource management, dam construction, hydrological features, and local ecosystem.

Students conduct field observations, surveys, and interactive sessions with locals to understand the socio-economic impact of the dam. NSS volunteers also participate in awareness drives, cleanliness campaigns, and community interaction in nearby villages, reflecting the NSS motto "Not Me But You."

Massanjore Dam, located on the Mayurakshi River in Dumka (Jharkhand), provides a perfect learning environment due to its natural beauty, ecological diversity, and engineering significance. The excursion enhances students' academic insight, promotes teamwork, and develops a sense of environmental and social responsibility.

### About NSS Unit-I

NSS Unit-I of Dukhulal Nibaran Chandra College, under the University of Kalyani, actively engages students in community service with the motto "Not Me But You." Led by Programme Officer Pulokesh Sen, the unit conducts cleanliness drives, tree plantation, blood donation camps, awareness programs on health and education, and special camps in adopted villages. It aims to develop students' leadership, discipline, and social responsibility through regular activities and annual camps. NSS volunteers contribute 120–240 hours of service, receiving certificates that support their academic and career profiles. The unit plays a vital role in promoting social awareness and student involvement in nation-building. Students can join through notices published at the start of the academic year.

### About Geography Department

The Geography Department of Dukhulal Nibaran Chandra College was established in 2013 and offers both B.A./B.Sc. The department has a well-equipped Cartography and Survey Laboratory, featuring instruments like theodolites, dumpy levels, compasses, weather instruments, soil testing kits, and 3D models for physical geography.

The department regularly organizes field surveys, educational excursions, and geographical study tours to help students understand real-world applications of geography. It also conducts poster exhibitions, student seminars, webinars, debates, quizzes, and remedial classes to support students' academic growth.
